PRESALE

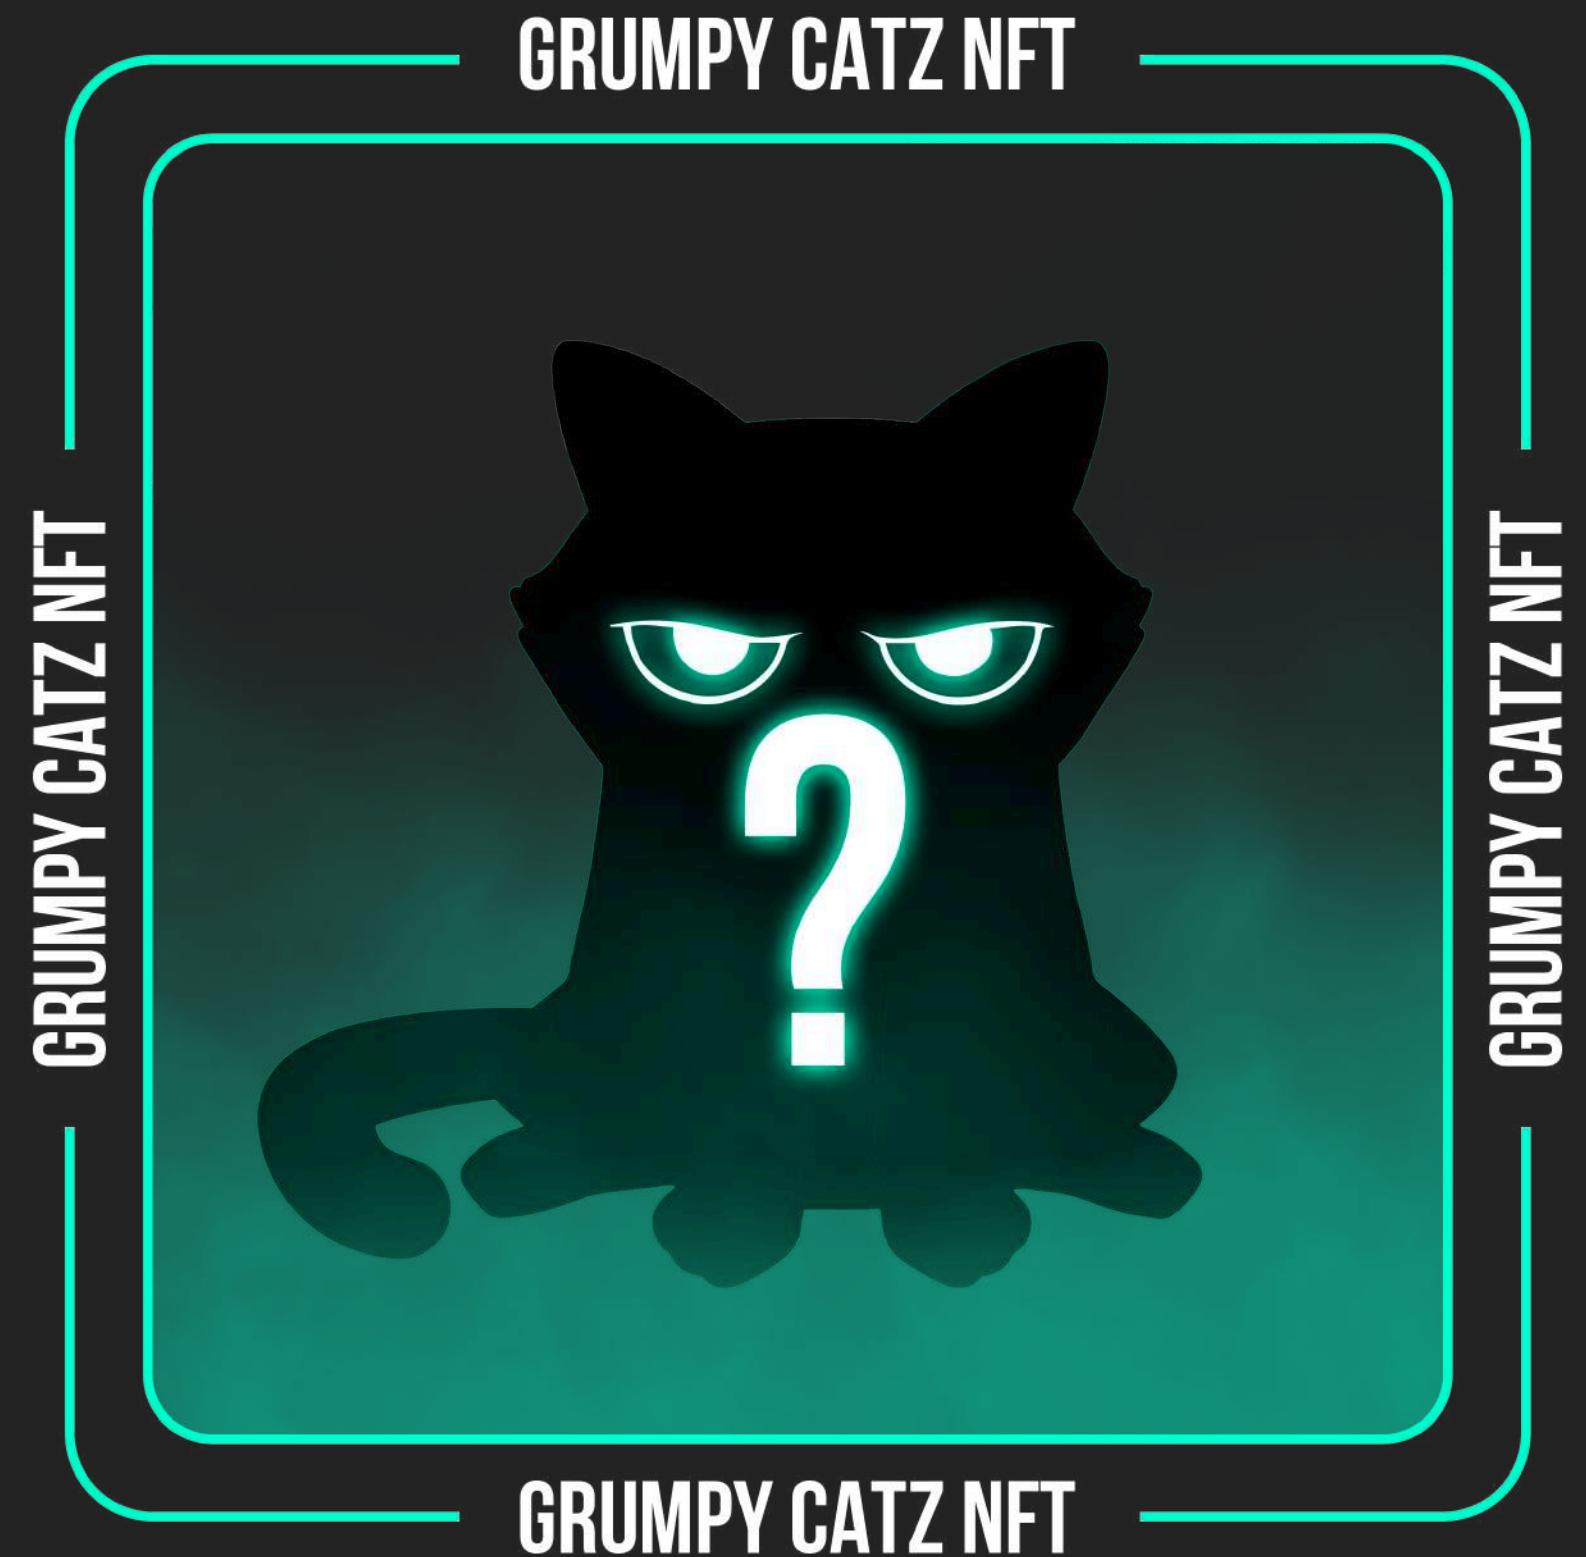

MINTING

04

NFT PRESALE MINT

Once the Whitelist is sold out, pre-minting will begin on our website. Minting is AI generated which rarity and art is randomized.

Pre-Sale Minting Guaranties a discounted price of 0.15 ETH

OPENSEA RELEASE

Once pre-sale minting is over, the remaining 7500 will be accessible on opensea NFT marketplace at a floorprice of 0.25 ETH.

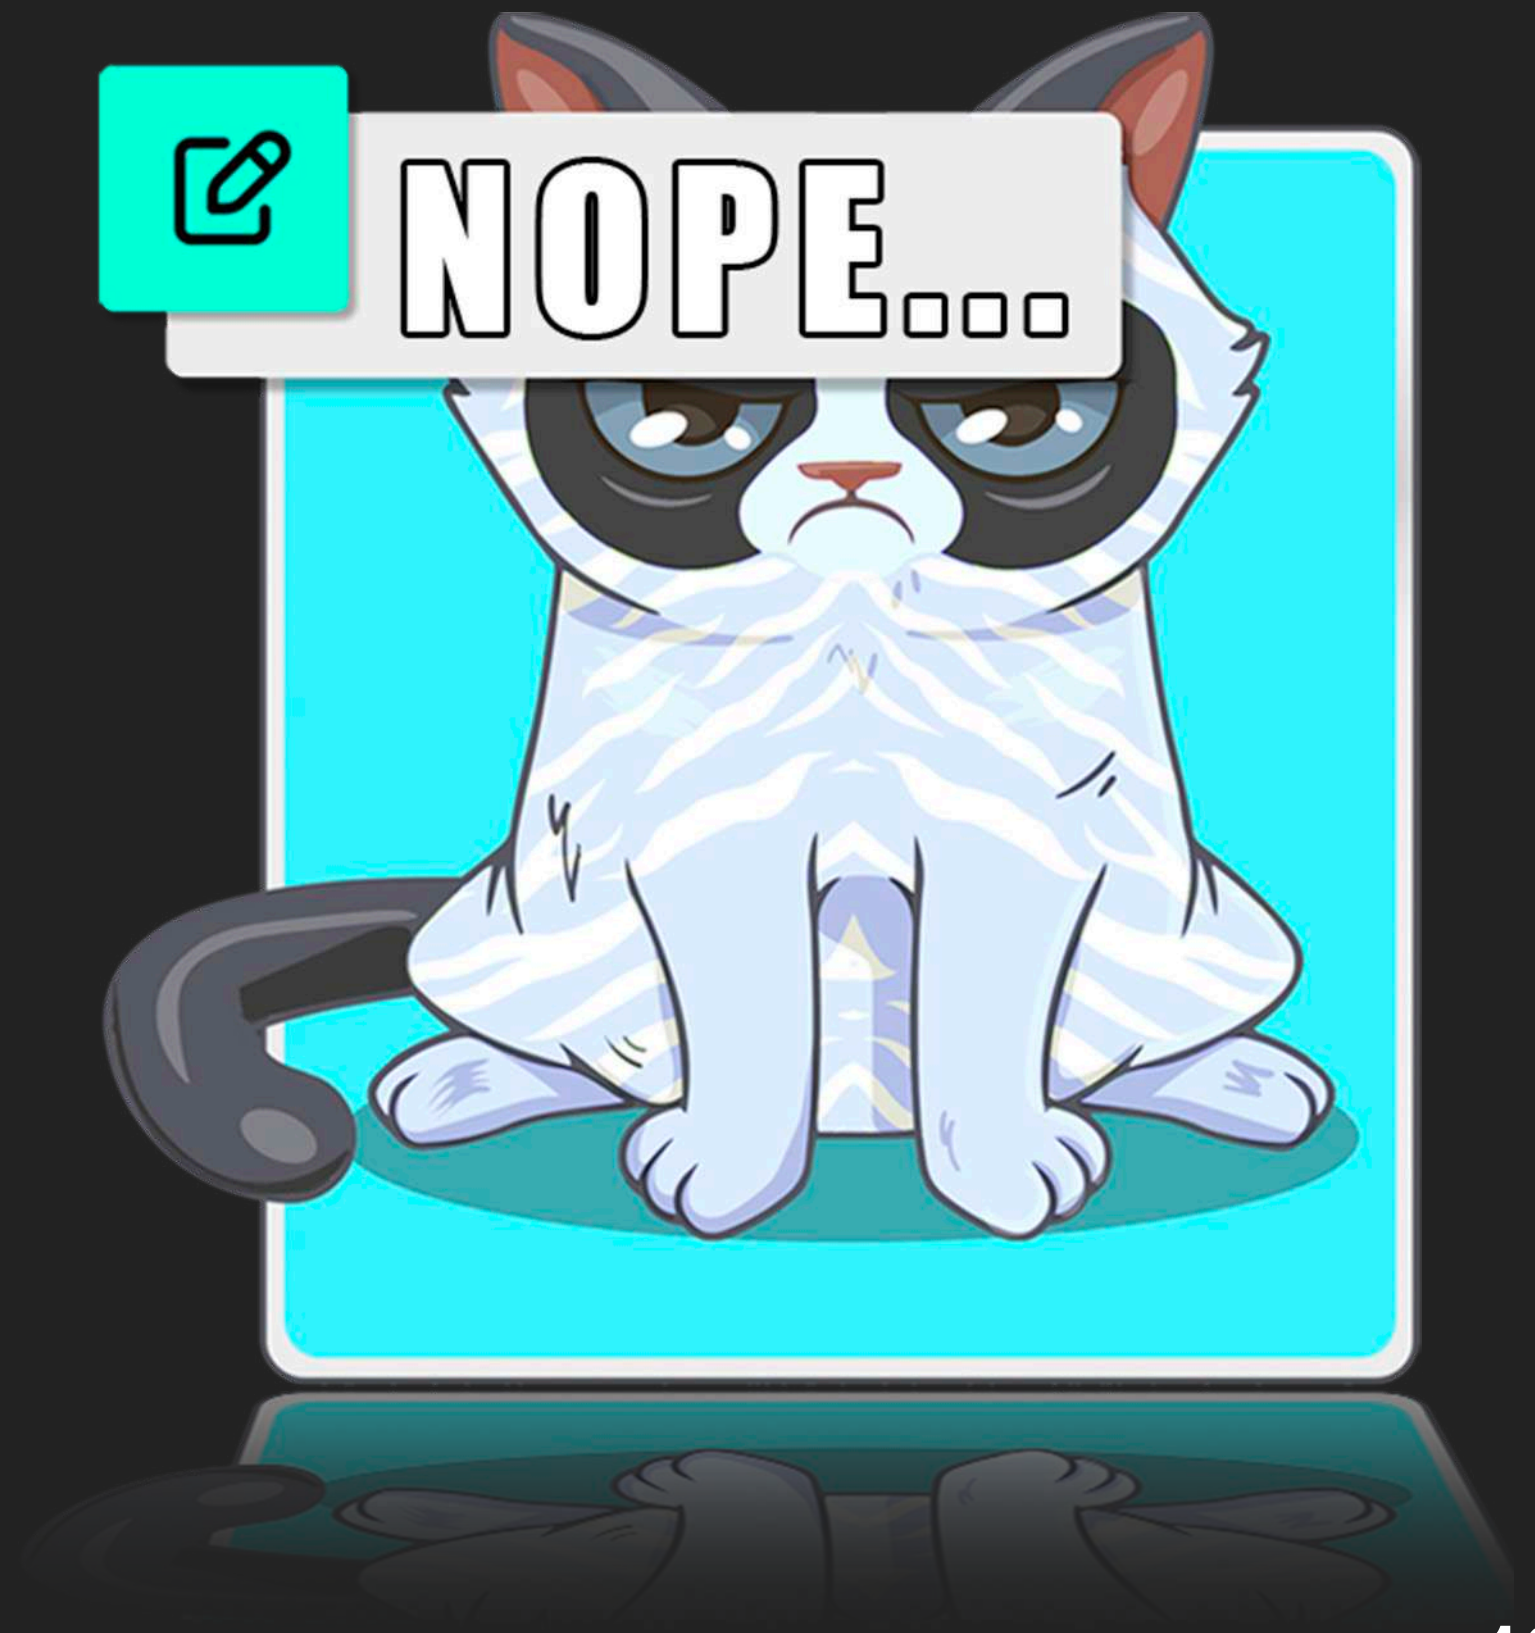

CUSTOM MEME NFT

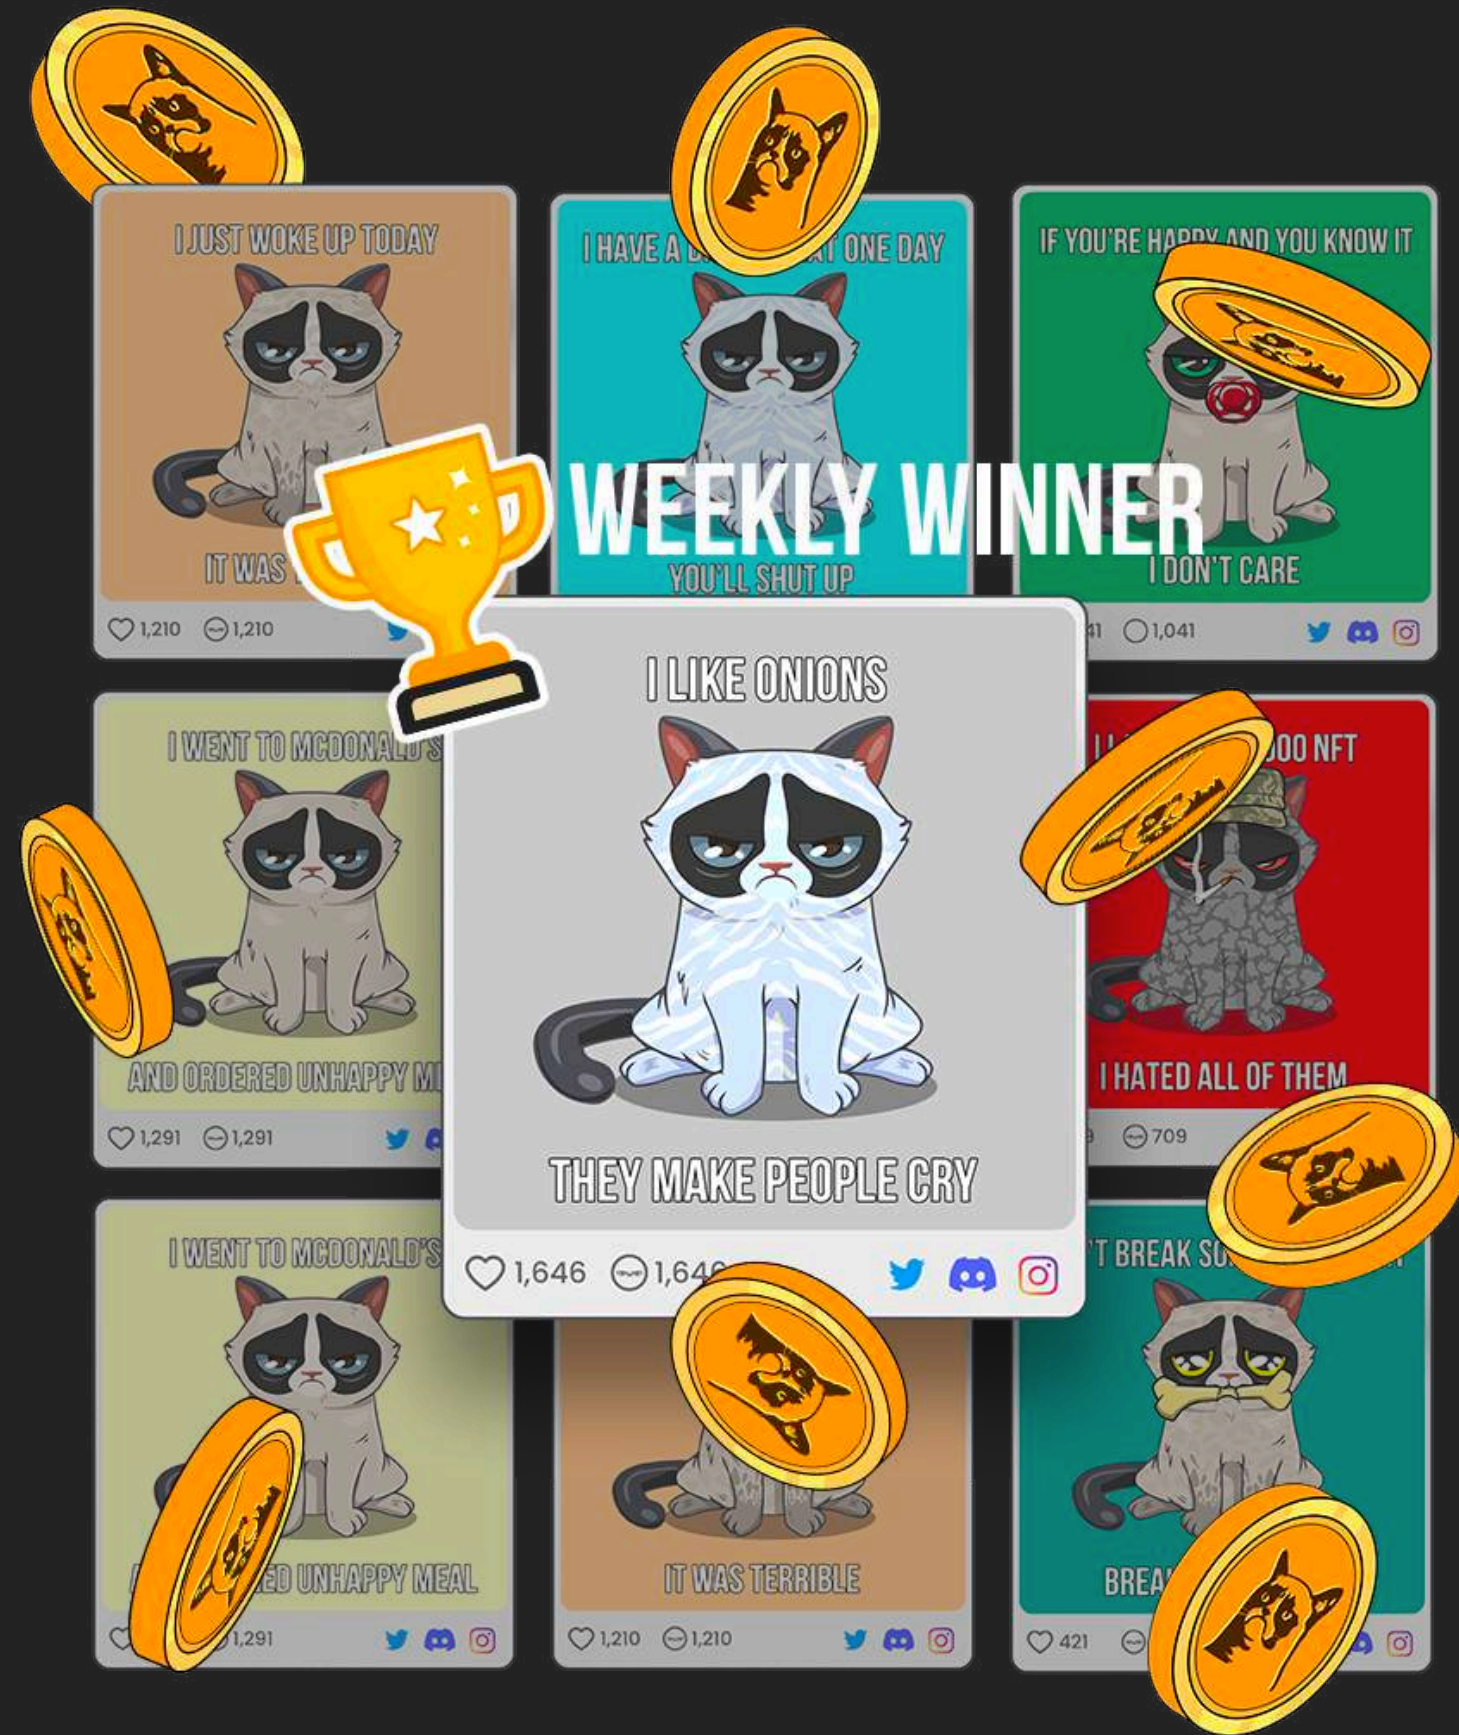

Grumpy Catz NFT holders can increase their NFT's rarity and value by creating a unique meme and adding it to their NFTs.

Holders can write any meme they want, but they can only edit it once.

When custom meme is created on our website, original NFTs will be burned as a new NFT will be mint keeping all of your original traits.

Gas fees will be applicable.

SOCIAL MINING

Social mining allows holders to get paid NOPE Coins every time their custom meme NFTs is shared online.

10% of all NFT sales will go into NOPE Coins liquidity, which will be hosted on Uniswap.

Creators will also compete for a weekly bonuses.
